

Jaydeep Mithani

Software Developer | Full-Stack Development, Front-end Expert

+91 9054722745 @ jaydeepmithani13@gmail.com Ahmedabad

SUMMARY

Highly skilled software developer with over 2 years of experience specializing in React.js and the MERN stack. Proven ability to deliver impactful solutions in service-based as well as product-based companies. Strong skills in innovation and delivering major breakthroughs in application development. Passionate about the use of technology to create scalable, user-centric solutions with continuous growth and contributing to cutting-edge projects.

SKILLS

React.js	Next.js	Javascript	Typescript	Material UI		
Node.js	Express.js	Mongo DB	Redux	Tailwind CSS		
Bootstrap	SCSS	Git	Photoshop	Illustrator	Python	
FastAPI	Java	ASP.NET	PhP	HTML5	CSS	SaaS
Healthcare Insurance		CMS	ICD	HCC Coding		
Team Leading	Collaborating	Supportive		Objective Planning		
Empathizing						

EXPERIENCE

Senior Software Engineer

Health Data Max Innovations 02/2024 - Present United States

Developed a coding compliance platform for healthcare industry, streamlining diagnostic coding processes and optimizing reimbursement.

- Led a team in developing a coding while working along side them in a remote environment.
- Managed Jira board stories and collaborated with cross-functional teams.
- Achieved breakthroughs in rendering interactive pdf with html components and developing a dynamic tabular-list component.

Junior Software Developer

Bonzark Technologies LLP 07/2022 - 11/2023 Rajkot, India

In my position at Bonzark Technologies, I spearheaded front-end development, RESTful API implementation, and database management for scalable web applications. Led client communication and testing efforts to ensure project success.

- Developed and maintained robust web applications using the MERN stack.
- Implemented RESTful APIs and managed databases for scalability.
- Conducted thorough testing, debugging, and client communication to deliver high-quality solutions.

EDUCATION

Bachelor of Engineering - BE, Computer Engineering

Gujarat Technological University (GTU)

08/2020 - 06/2023

Diploma of Education, Computer Engineering

Gujarat Technological University (GTU)

07/2017 - 08/2020

KEY ACHIEVEMENTS

Vercetile expandable table component

Designed and developed a high-performance React component for dynamic, scalable data tables with flexible layouts, expandable accordion-style rows, interactive cells, and virtualized rendering for large datasets. Added selection mode, hover-activated checkboxes, loading states, action buttons, and tooltips, with enhanced functionality and ease of use.

Rendering interactive component overlayed on a PDF

Spearheaded the development of a React feature that allows for smooth PDF rendering with interactive HTML overlays. Users could highlight text, perform operations, and interact with dynamic components. Introduced a custom context menu for text selection, enhancing user interaction and providing an immersive experience.

PROJECTS

Personal Portfolio

12/2023 - 01/2024 Location

Excited to share my personal portfolio website, built using Next.js! This platform serves as a central hub to showcase my projects, highlight my career journey, and provide easy access to my contact information. Designed with a focus on performance and responsiveness, the site reflects my passion for clean design and modern web development. Take a look and explore my work!
