PROJECTS

PERSONAL PORTFOLIO [NEXT.js/ReactJs, Tailwind CSS, Vercel]

○ A personal profile website that shoucases all my skills in action and my work up until this point.
○ I used NEXT.js- a popular ReactJs framework for server side rendering of react components.
○ Tailwind CSS a huge CSS framework that saves the hustle to write css files most of the time if at all.
○ Used vercel that allows for free and easy hosting of ReactJs and NEXT.js apps, with a small CI/CD setup.
